The Accommodation - A Brief Tour

Accessing the cottage from the charming front garden, a part glazed front door leads you into the kitchen. This spacious room has a stunning Cornish stone fireplace with wooden lintel which now houses the electric Aga and is well equipped. From here, the staircase leads to the first floor and there is also a roomy storage cupboard below.

Leading from the kitchen is a generously sized family room, clearly defined into three separate areas. Closest to the kitchen is the breakfast area with ample room for a table and large sash window overlooking the front garden. There is a comfortable and generous living area with a fireplace with open fire, which leads on to the garden / dining area. Large windows and a skylight ensure that natural light floods into this room, and a door leads directly out on to the patio and garden. There is also a useful shower room and WC leading off the dining area. A useful utility room leads off the living area and runs along the length of the cottage. It houses the newly installed oil-fired boiler, as well as washing machine and small Belfast sink, and can be accessed from the front of the property and the garden, making it ideal for those with wet dogs and children, as well as drying wetsuits, coats, and wellies!

On the first floor, the landing opens up to the three bedrooms and two bathrooms. Bedroom One is a generous double set to the front of the property and has built in wardrobes and an alcove housing a chest of drawers. Bedroom Three is also set to the front of the property and is currently arranged as a twin. There is a shower room set to the front of the property, and this is on a Saniflo system. We have been advised by our clients that this previously was a fourth, single, bedroom and could be converted back if so wished. To the rear of the property and with expansive countryside views, Bedroom Two is a generous double bedroom with built in wardrobes. There is also a family bathroom, with electric shower over, located to the rear of the cottage.

Outside

Outside is a patio area leading directly off both the garden room and the utility, with lawned area and a pathway leading towards a gate, further area of “secret” garden and one of the outbuildings. This outbuilding (subject to the relevant planning) would make ideal ancillary accommodation to the main cottage or as a home office, gym, or studio. The second outbuilding is located to one side of the garden, and is currently used to house garden tools, bikes, etc. The garden has a range of beds with bedding plants and shrubs and faces due west making it the perfect spot for an evening barbeque.

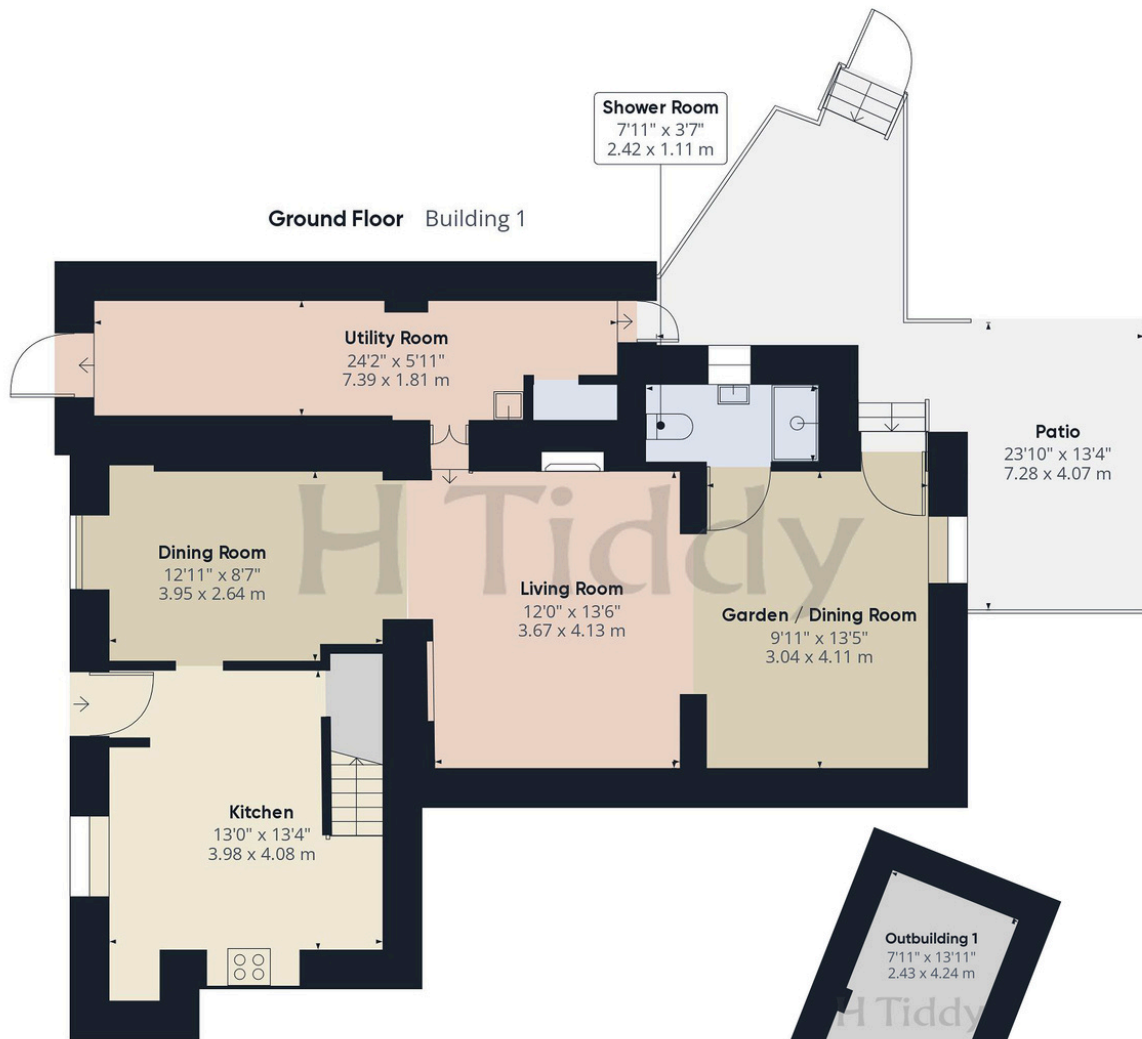

Historical Note

Veryan is most famous for its nineteenth century thatched Round Houses. There are five in all, two pairs of which stand at each end of the village and another in the centre. They were originally built by a missionary, named Reverend Jeremiah Trist, for his daughters. The present name of the village is a corruption of St Symphorian, the Parish saint, which in 1525 had become St Severian leading eventually to St Veryan. Close to Veryan is Carne Beacon, a Bronze Age grass covered barrow and reputedly the burial place of the legendary 6th century chieftain, Gereint of Dumnonia from whom the nearby village of Gerrans gets its name. Not far from there is Veryan Castle, a small Iron Age hill fort.

Summary

Offering a rare opportunity for an investment buyer to purchase a charming and characterful cottage as an ongoing holiday letting concern, properties of this ilk are few and far between in the sought after village of Veryan, often considered to be one of the prettiest on the Roseland Peninsula. Early viewing is highly recommended.
