This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	
4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB	
1		55.0-59.9 dB	

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

LAWLER
& Co.

SALES AND LETTINGS

Lawler & Co | Hyde

Lawler & Co. are a bespoke independent estate agency established in 2014 with prominent branches located in Marple, Hazel Grove, Hyde & Poynton.

Lawler & Co provide a fresh approach to buying and selling property with modern, proactive marketing techniques including 360 degree virtual tours as standard, great social media coverage, traditional relationship building with clients to ensure we know what each one is looking for plus accompanied viewings with our experienced sales team. Combined with a strong emphasis on customer service as verified by our customer reviews.

We provide a fresh approach to buying and selling property in Marple, Hazel Grove, Hyde, Poynton and the surrounding areas including Marple Bridge, Mellor, Strines, Disley, High Lane, Compstall, Romiley, Hazel Grove, Offerton, Tameside, Denton, Adlington and Mile End.

If you are

Testimonial 1

Stacey, Gary and Imogen have been amazing throughout the sale and purchase of my properties. They have kept me updated throughout the whole process and have supported me in every aspect. I would highly recommend Lawler & Co the best estate agents I have used. A special thanks to Stacey for always being on hand when I need her and for being so efficient.

Testimonial 2

Lawler & Co are relatively new to the area in which I have lived for the last 23 years so I took a chance in selling my house via them rather than using the several well established agents who have controlled the market in the area. I wasn't disappointed! Gary Morrissey gave me a good deal on fees and he and Stacey Moreland, who took some excellent pictures to market the property with, worked efficiently to my timetable without adding any pressure...

Testimonial 3

Had a wonderful experience with this Estate agents in buying a property I first saw on day one. We were shown around the property(Aimee) with no pressure and given wonderful advice. Arranged a second viewing(Natalie) with a day/time of our choice. Who said buying a house was stressful? Not with this estate agents. All the way through the purchase they were nothing but helpful.(Natalie). Gary from the Hyde office gave some really useful advice...

Testimonial 4

A highly professional and quality service by Gary, Stacey and the team at Lawler & Co in Hyde. They secured a number of viewings and found a successful buyer for our property within days of going to market. Cannot recommend their services enough. Thank you to all from D Woodman Developments
