## Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

## Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

### What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m<sup>3</sup>).

### Testimonial 1

Stacey, Gary and Imogen have been amazing throughout the sale and purchase of my properties. They have kept me updated throughout the whole process and have supported me in every aspect. I would highly recommend Lawler & Co the best estate agents I have used. A special thanks to Stacey for always being on hand when I need her and for being so efficient.

### Testimonial 2

Lawler & Co are relatively new to the area in which I have lived for the last 23 years so I took a chance in selling my house via them rather than using the several well established agents who have controlled the market in the area. I wasn't disappointed! Gary Morrissey gave me a good deal on fees and he and Stacey Moreland, who took some excellent pictures to market the property with, worked efficiently to my timetable without adding any pressure...

### Testimonial 3

Had a wonderful experience with this Estate agents in buying a property I first saw on day one. We were shown around the property(Aimee) with no pressure and given wonderful advice. Arranged a second viewing(Natalie) with a day/time of our choice. Who said buying a house was stressful? Not with this estate agents. All the way through the purchase they were nothing but helpful.(Natalie). Gary from the Hyde office gave some really useful advice...

### Testimonial 4

A highly professional and quality service by Gary, Stacey and the team at Lawler & Co in Hyde. They secured a number of viewings and found a successful buyer for our property within days of going to market. Cannot recommend their services enough. Thank you to all from D Woodman Developments
