Hot Water Energy Efficiency:	Good
Lighting:	Low energy lighting in all fixed outlets
Floors:	Suspended, no insulation (assumed)
Total Floor Area:	94 m ²

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Conservation Areas

LAWLER
& Co.

SALES AND LETTINGS

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Nearby Conservation Areas

- 1 Swann Lane, Hulme Hall Road and Hill Top Avenue
- 2 Bramall Park
- 3 Bramhall Lane South
- 4 Syddal Park
- 5 Cheadle Royal Hospital
- 6 Brooklyn Crescent, Cheadle
- 7 Egerton Road and Frewland Avenue, Davenport
- 8 Cheadle Village
- 9 Highfield (Wilmslow) Conservation Area
- 10 Alexandra Park, Edgeley

Maps

Council Wards

LAWLER
& Co.

SALES AND LETTINGS

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	■
4		70.0-74.9 dB	■
3		65.0-69.9 dB	■
2		60.0-64.9 dB	■
1		55.0-59.9 dB	■

Flood Risk

Rivers & Seas - Flood Risk

LAWLER & Co.

SALES AND LETTINGS

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- **Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- **Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- **Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Local Area Road Noise

LAWLER
& Co.

SALES AND LETTINGS

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

Lawler & Co | Hazel Grove

Lawler & Co. are a bespoke independent estate agency established in 2014 with prominent branches located in Marple, Hazel Grove, Hyde & Poynton.

Lawler & Co provide a fresh approach to buying and selling property with modern, proactive marketing techniques including 360 degree virtual tours as standard, great social media coverage, traditional relationship building with clients to ensure we know what each one is looking for plus accompanied viewings with our experienced sales team. Combined with a strong emphasis on customer service as verified by our customer reviews.

We provide a fresh approach to buying and selling property in Marple, Hazel Grove, Hyde, Poynton and the surrounding areas including Marple Bridge, Mellor, Strines, Disley, High Lane, Compstall, Romiley, Hazel Grove, Offerton, Tameside, Denton, Adlington and Mile End.

If you are

Testimonial 1

Had a wonderful experience with this Estate agents in buying a property I first saw on day one. We were shown around the property(Aimee) with no pressure and given wonderful advice. Arranged a second viewing(Natalie) with a day/time of our choice. Who said buying a house was stressful? Not with this estate agents. All the way through the purchase they were nothing but helpful.(Natalie) They even suggest a conveyancer who was brilliant also.

Testimonial 2

Lawler were fantastic and so supportive during what was a very tricky house move. Absolutely would recommend. A special thank you to Sophie who worked so hard and got us there in the end!

Testimonial 3

Fantastic service. We have sold a property and bought a new one all within 1 week of the house being on the market with Lawler & Co. All members of staff are knowledgeable, professional, friendly & efficient - thank you Gary, Matthew, Natalie & Olivia for all your help. If Carlsberg did Estate Agents...!

Testimonial 4

It took 18 months in total from marketing to completion to sell my house and Lawler were flawless from start to finish. They never gave up throughout the whole journey and made it their mission to get the house sold and get me to the end. They produce some of the best images as standard. They have great communication and all staff can deal with your queries. And the staff are lovely to deal with they really are.
