Maps Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✗ Adit
- ✗ Gutter Pit
- ✗ Shaft

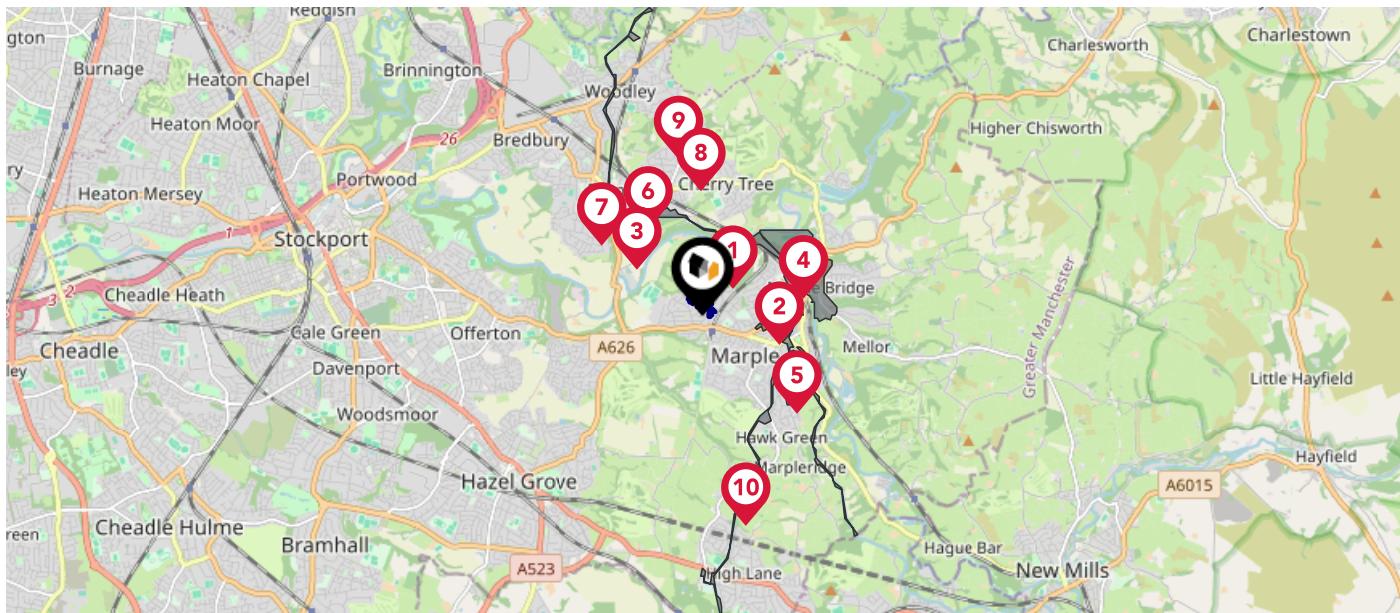

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps

Conservation Areas

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

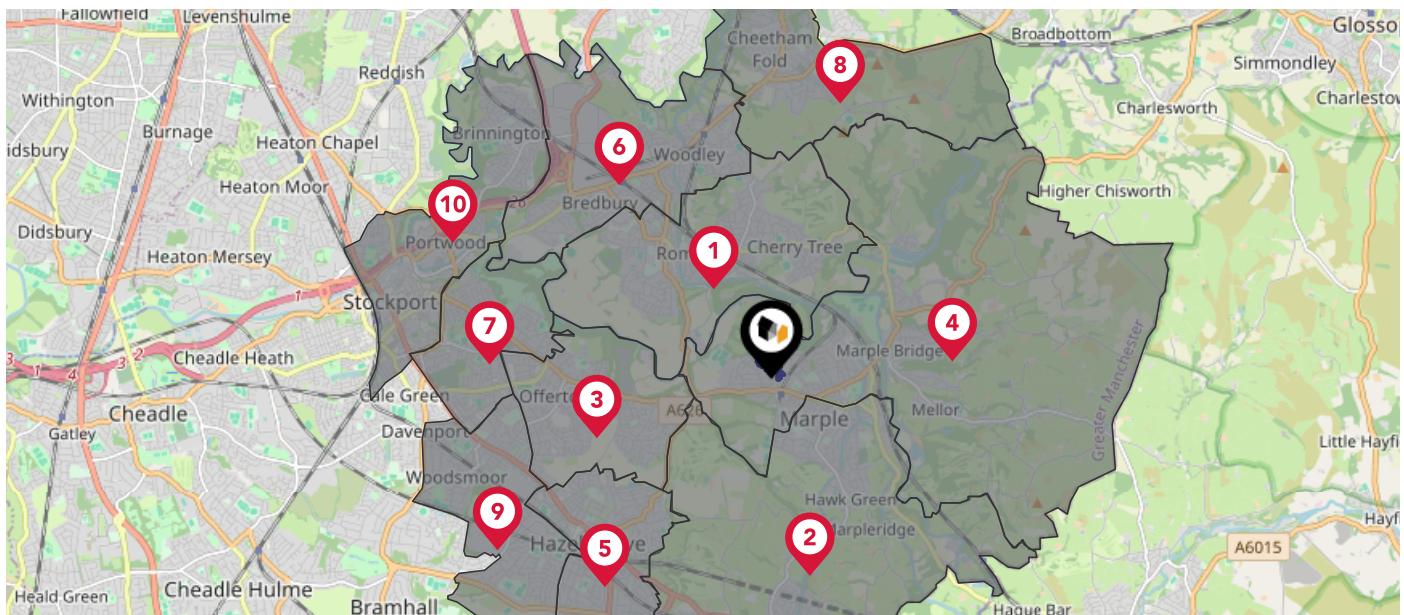

Nearby Conservation Areas

- 1 Peak Forest Canal
- 2 Station Road and Winnington Road, Marple
- 3 Chadkirk
- 4 Marple Bridge
- 5 All Saints', Marple
- 6 Church Lane, Romiley
- 7 Hatherlow
- 8 Barlow Fold, Romiley
- 9 Greave Fold, Romiley
- 10 Macclesfield Canal

Maps

Council Wards

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

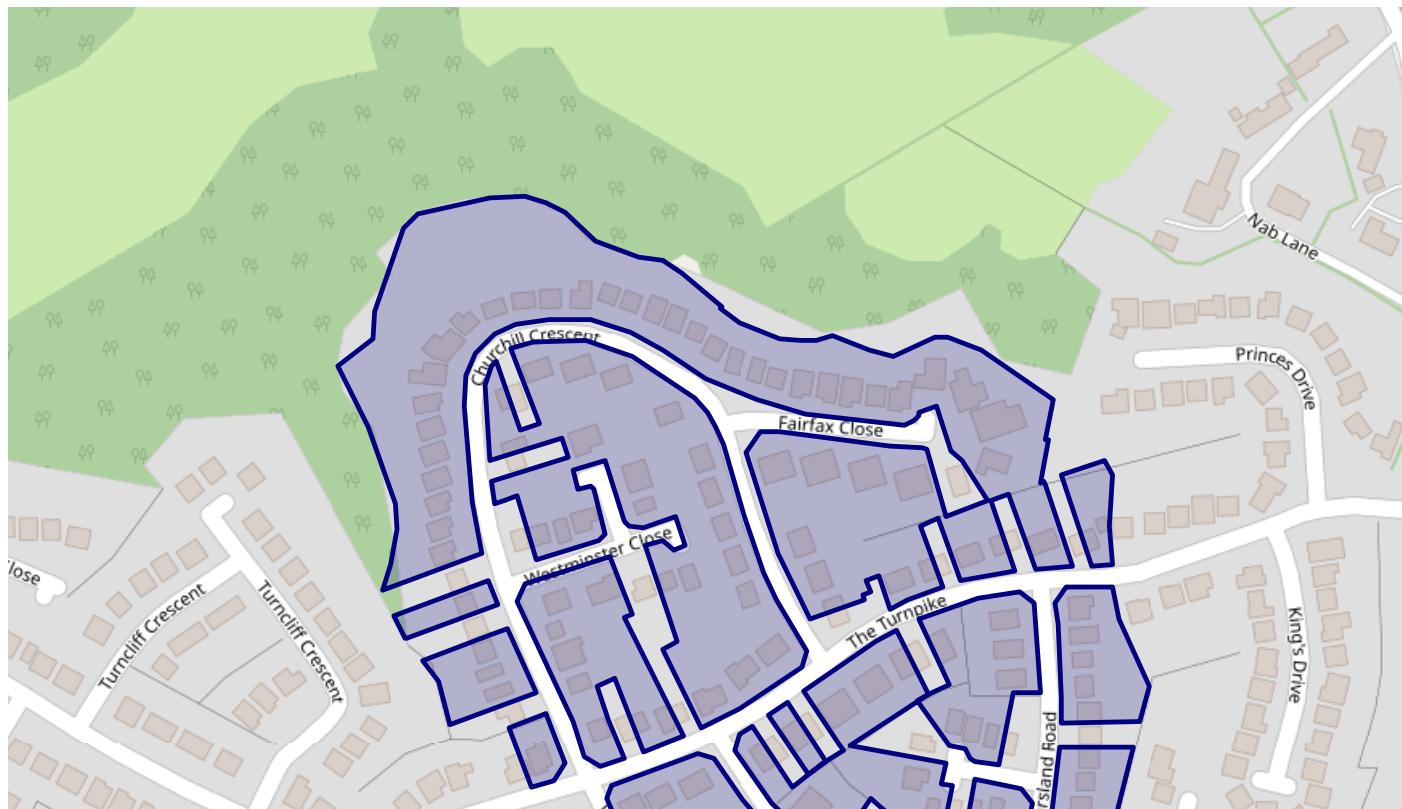

Nearby Council Wards

- 1 Bredbury Green and Romiley Ward
- 2 Marple South and High Lane Ward
- 3 Offerton Ward
- 4 Marple North Ward
- 5 Hazel Grove Ward
- 6 Bredbury and Woodley Ward
- 7 Manor Ward
- 8 Hyde Werneth Ward
- 9 Stepping Hill Ward
- 10 Brinnington and Central Ward

Maps

Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

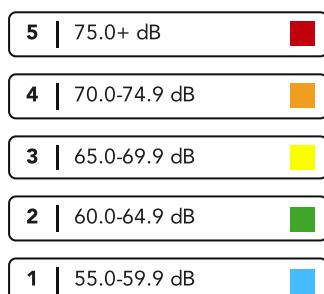

Rail Noise Data

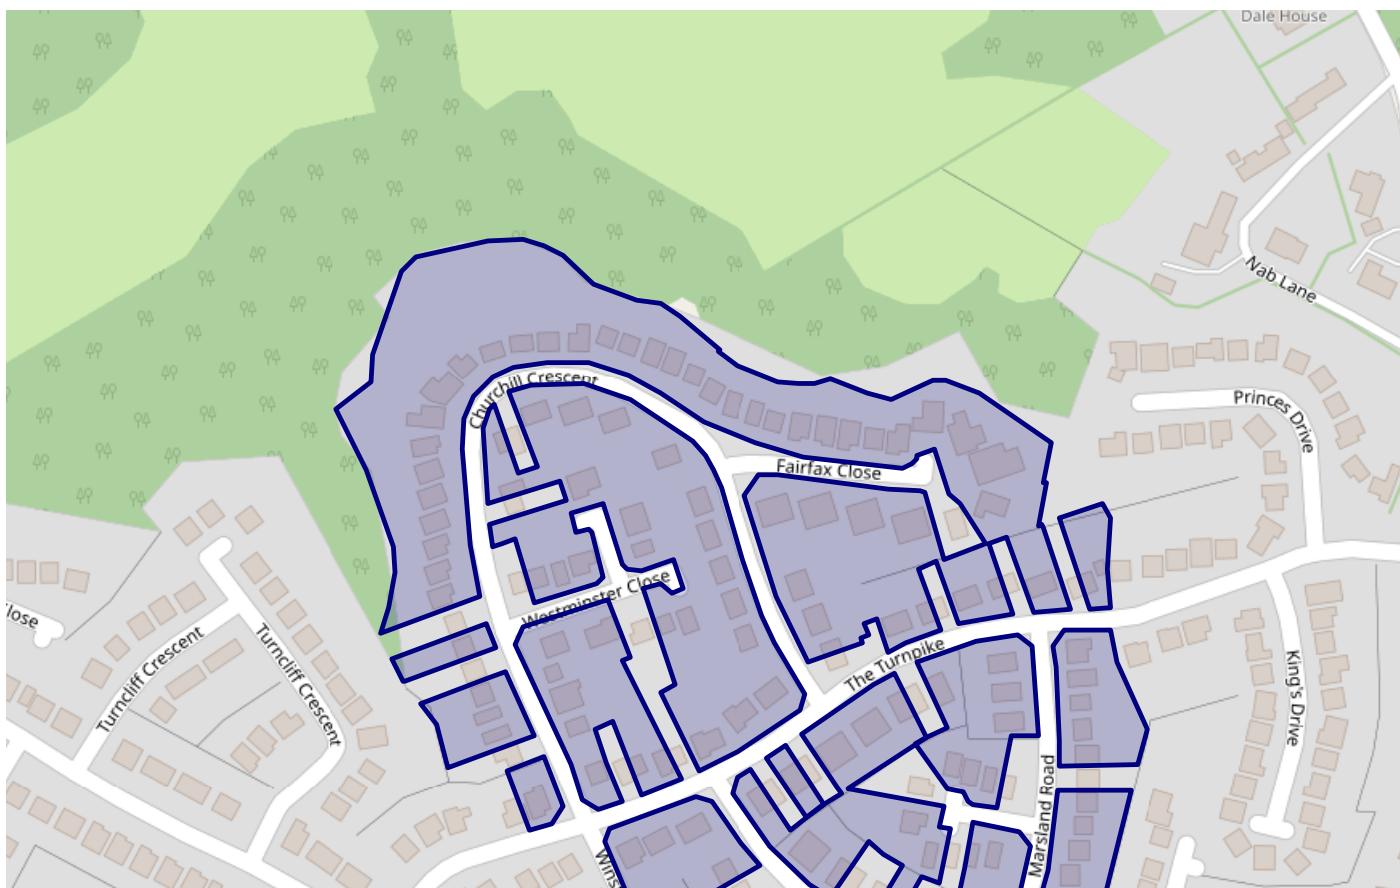

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

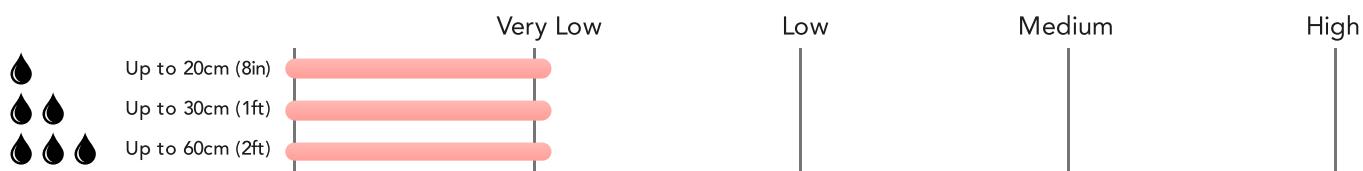

Risk Rating: Very low

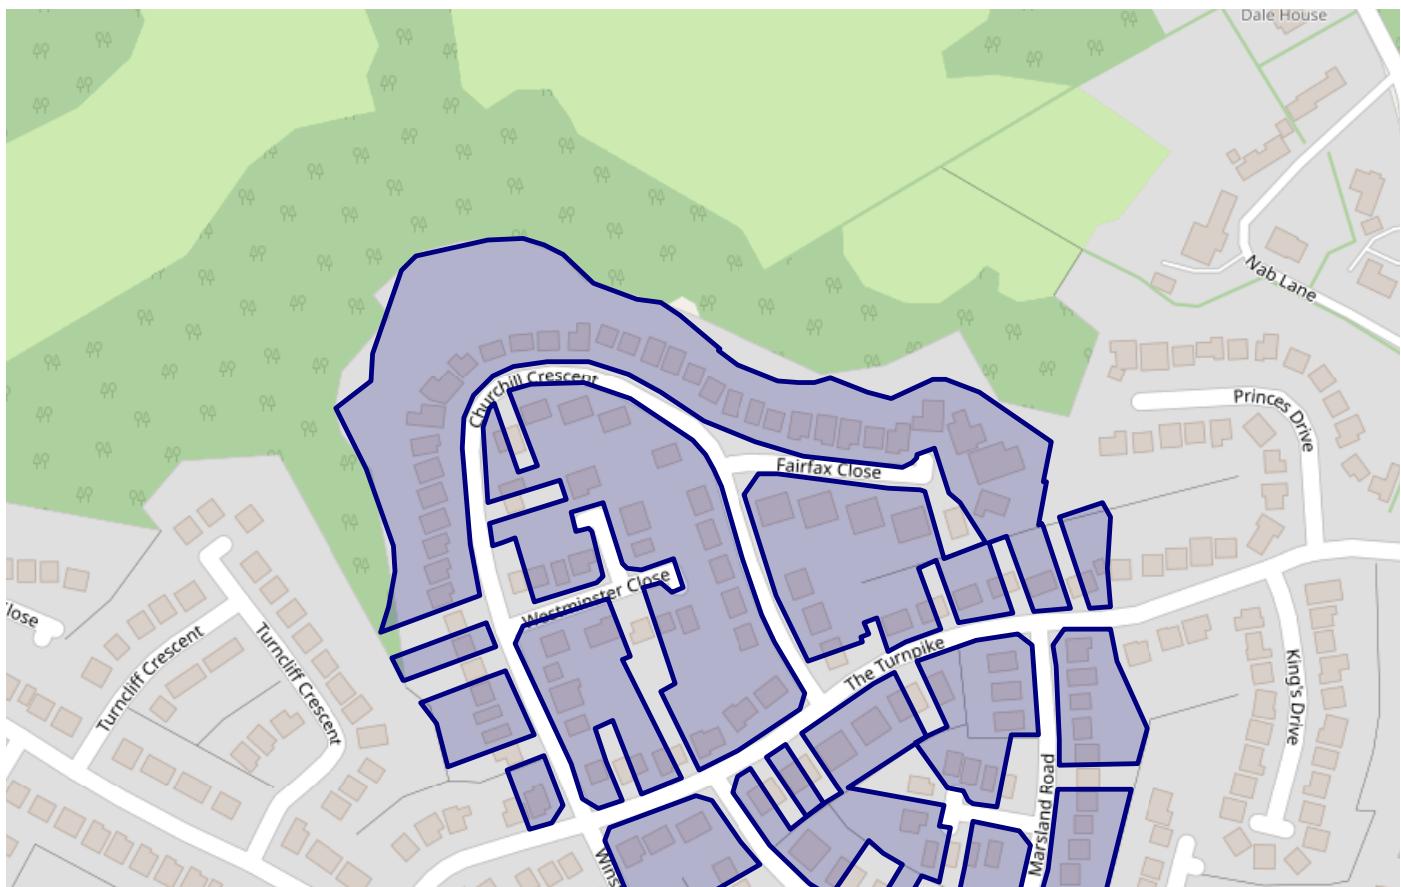

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- **Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- **Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- **Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

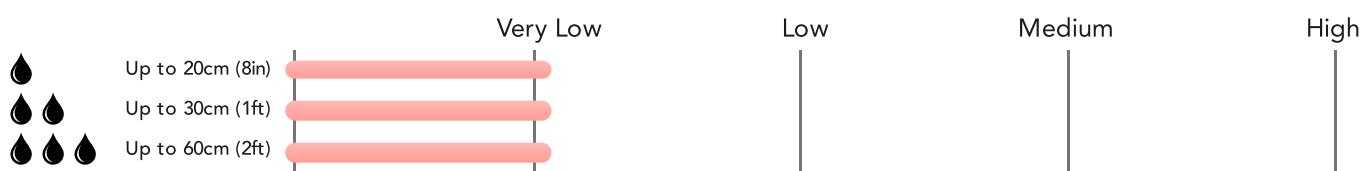

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.

Environment

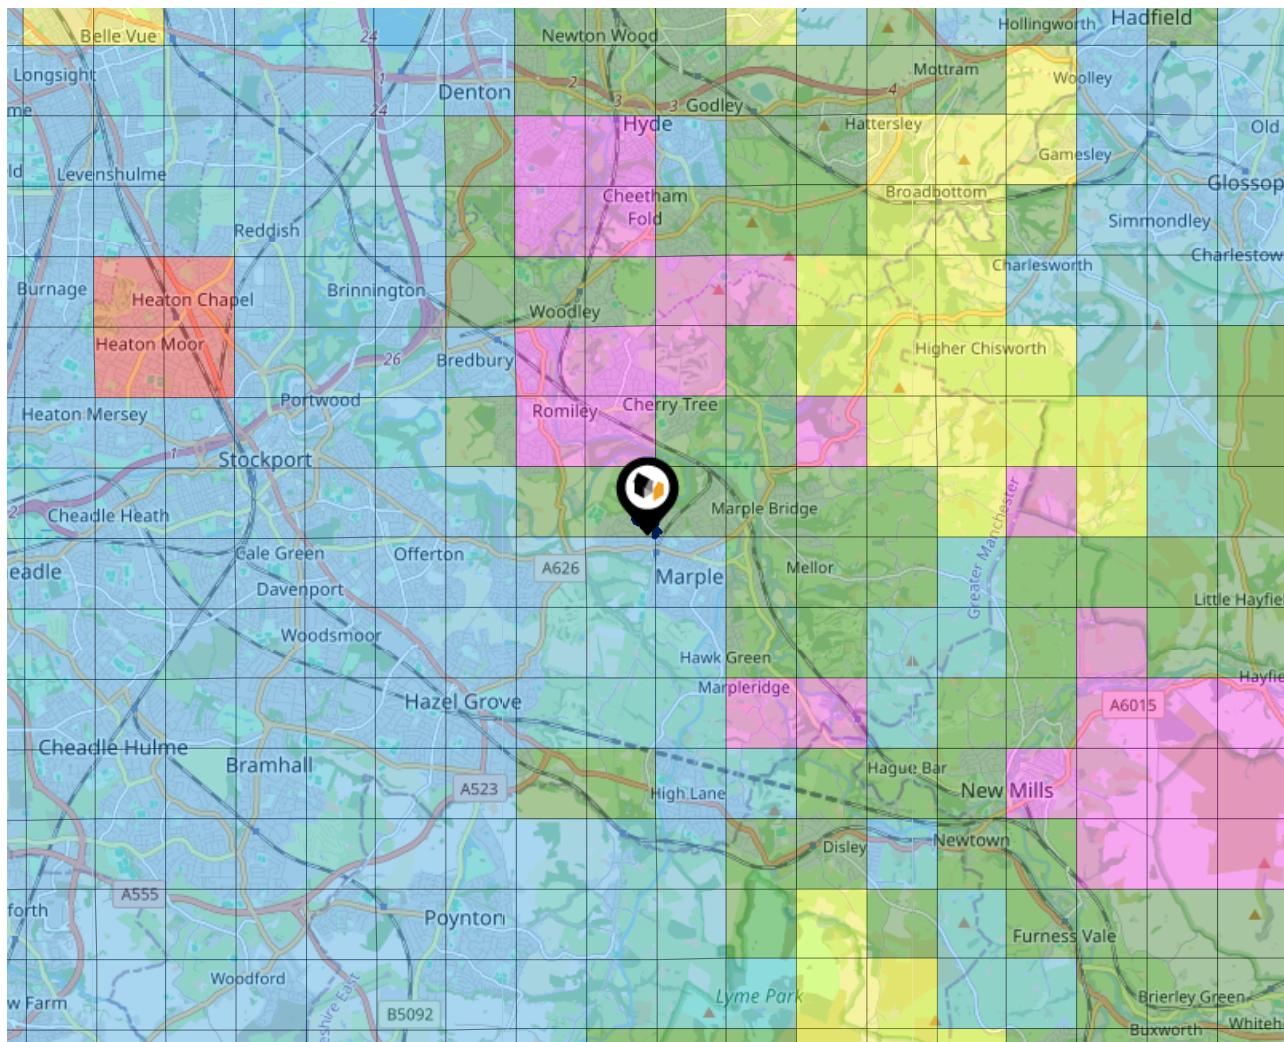

Radon Gas

LAWLER
& Co.

SALES AND LETTINGS

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Local Area Road Noise

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

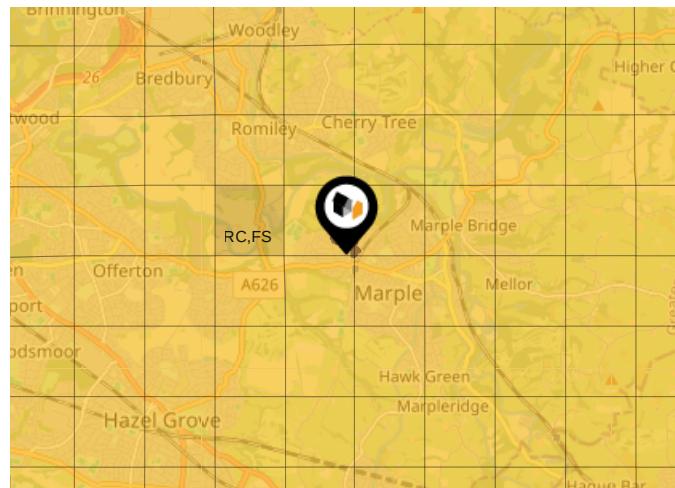

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

SALES AND LETTINGS

Lawler & Co | Marple

Lawler & Co. are a bespoke independent estate agency established in 2014 with prominent branches located in Marple, Hazel Grove, Hyde & Poynton.

Lawler & Co provide a fresh approach to buying and selling property with modern, proactive marketing techniques including 360 degree virtual tours as standard, great social media coverage, traditional relationship building with clients to ensure we know what each one is looking for plus accompanied viewings with our experienced sales team. Combined with a strong emphasis on customer service as verified by our customer reviews.

We provide a fresh approach to buying and selling property in Marple, Hazel Grove, Hyde, Poynton and the surrounding areas including Marple Bridge, Mellor, Strines, Disley, High Lane, Compstall, Romiley, Hazel Grove, Offerton, Tameside, Denton, Adlington and Mile End.

If you are

**Testimonial 1**

We have gone through the process of buying our first home with Lawler & Co, and they have been excellent. Chloe has pushed to ensure we are in before Christmas, and has been excellent on keeping us updated on the whole chain.

Thank you for your support during this process!

**Testimonial 2**

We have just used the Marple branch to sell our home and the service from start to finish has been 10/10. The whole team couldn't do enough for us, and took away that extra stress of moving home. We have used other local agents before and the service was no where near as good as Lawler and co.

Thank you so much!

**Testimonial 3**

Initially dealt with the viewing of my new house through the Hyde Office, I dealt with both Imogen and Stacey who were very friendly and professional. During the sales process I dealt with Chloe in the Marple office who was great, she kept me up to date at all times, chased when necessary and was on hand to answer all queries. Thanks Chloe and the rest of the team, we have now moved in and our both really happy in our new home

**Testimonial 4**

Lawler and co were amazing from the minute we walked into the Marple office, from fitting in a viewing last minute and giving us advice throughout the process they made the purchase of our first house as stress free as possible.
