Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	■
4		70.0-74.9 dB	■
3		65.0-69.9 dB	■
2		60.0-64.9 dB	■

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

If you are

Testimonial 1

We had a great experience with Lawler and Co in Poynton, and in particular Kirsty. Fantastic service from start to finish. Always professional, responsive, and made the whole process smooth and stress-free. Highly recommend these estate agents for their expertise and excellent communication.

Testimonial 2

We were very happy with Lawlers and found all the staff to be professional, friendly and able to give good advice based on their experience. They kept us in the loop throughout the process. A special mention to Clare, Kirsty and Angela for all their help!

Testimonial 3

I couldn't recommend Lawlors Poynton enough, especially Clare and Angela. Selling my house became a stressful transaction due to serious problems further down the chain, but they handled it brilliantly. From the start, communication was outstanding. They were incredibly supportive and proactive, constantly chasing other agents and keeping me informed. Their true value shone through in handling our complex chain. Big thanks to everyone in the team!

Testimonial 4

The team at Lawlers were incredibly helpful, from recommending properties based on our needs and showing us round to suit our schedules. During the purchase process, the communication and liaising with other agents in what was a large chain for was great from start to finish. Thanks for your support.
