Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	■
4		70.0-74.9 dB	■
3		65.0-69.9 dB	■
2		60.0-64.9 dB	■
1		55.0-59.9 dB	■

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Testimonial 1

If you are looking to buy or sell your home, look no further than Lawlers Hyde. The team have been absolutely fantastic, always professional and friendly and answer questions with a smile, no matter how silly I thought they were. I would like to take this opportunity to send my gratitude to Stacey and Imogen, they are absolute gems and an asset to the company. The team worked really hard to sell our home and we are so happy we chose Lawlers Hyde.

Testimonial 2

We moved to Lawler & Co from another agent and they sold our property within weeks of it being up after Gary came to visit and discuss. Stacey was always prompt and welcoming on the viewings and was able to confidently describe the property. Imogen was very quick at communicating viewings to us when they was coming in. The team at Hyde really stepped up compared to other agents in the area and we would 100% use them again.

Testimonial 3

Really impressed! Spoke to the team as an early stage first time buyer, they booked me in for a mortgage call and I couldn't feel more confident with the process and felt comfortable speaking to Andy. Great attitude all round, positive & efficient! Looking forward to reaching out to them again in the future.

Testimonial 4

I couldn't be happier with the service I received from Lawler & Co, especially Imogen. From start to finish, she was professional, approachable, and genuinely invested in helping me every step of the way. Communication was excellent – they always kept me updated and were quick to answer any questions I had. As a first time buyer, Imogen really helped me to understand the process and made the viewings/offering process less daunting and more exciting!
