Term Remaining: 934 years

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	
4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB	
1		55.0-59.9 dB	

Flood Risk

Rivers & Seas - Flood Risk

LAWLER
& Co.

SALES AND LETTINGS

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Local Area Road Noise

LAWLER

LAWLER
& Co.

SALES AND LETTINGS

Lawler & Co | Hyde

Lawler & Co. are a bespoke independent estate agency established in 2014 with prominent branches located in Marple, Hazel Grove, Hyde & Poynton.

Lawler & Co provide a fresh approach to buying and selling property with modern, proactive marketing techniques including 360 degree virtual tours as standard, great social media coverage, traditional relationship building with clients to ensure we know what each one is looking for plus accompanied viewings with our experienced sales team. Combined with a strong emphasis on customer service as verified by our customer reviews.

We provide a fresh approach to buying and selling property in Marple, Hazel Grove, Hyde, Poynton and the surrounding areas including Marple Bridge, Mellor, Strines, Disley, High Lane, Compstall, Romiley, Hazel Grove, Offerton, Tameside, Denton, Adlington and Mile End.

If you are

Testimonial 1

If you are looking to buy or sell your home, look no further than Lawlers Hyde. The team have been absolutely fantastic, always professional and friendly and answer questions with a smile, no matter how silly I thought they were. I would like to take this opportunity to send my gratitude to Stacey and Imogen, they are absolute gems and an asset to the company. The team worked really hard to sell our home and we are so happy we chose Lawlers Hyde.

Testimonial 2

We moved to Lawler & Co from another agent and they sold our property within weeks of it being up after Gary came to visit and discuss. Stacey was always prompt and welcoming on the viewings and was able to confidently describe the property. Imogen was very quick at communicating viewings to us when they was coming in. The team at Hyde really stepped up compared to other agents in the area and we would 100% use them again.

Testimonial 3

Really impressed! Spoke to the team as an early stage first time buyer, they booked me in for a mortgage call and I couldn't feel more confident with the process and felt comfortable speaking to Andy. Great attitude all round, positive & efficient! Looking forward to reaching out to them again in the future.

Testimonial 4

I couldn't be happier with the service I received from Lawler & Co, especially Imogen. From start to finish, she was professional, approachable, and genuinely invested in helping me every step of the way. Communication was excellent – they always kept me updated and were quick to answer any questions I had. As a first time buyer, Imogen really helped me to understand the process and made the viewings/offering process less daunting and more exciting!
